From Chairman's Desk

Mr. A.N Sharma IPS (Retd.)

Trinity International School is a senior secondary school affiliated to CBSE located in Fagu, Tehsil Theog, District Shimla. The school was founded in the year 2014 with the sole objective to provide quality education to the urban, semi-urban and rural areas in the vicinity of the school. In addition school provides all facilities for sports and physical development of students as adequate facility of sports grounds and equipment is available. School provides education in almost all streams like Non-Medical, Commerce, Humanities etc.

School is committed to provide quality education to students with a view to equip them with all mental and physical abilities they require to learn, achieve and to excel in their careers.

Vision

At Trinity International School we are determined to create an inclusive culture of learning where all children will be challenged in their thinking to achieve to the best of their abilities and strive to become lifelong learners.

School will empower children to become respectable and responsible citizens to enable them to make valuable contributions locally, nationally and globally and to contribute to our world's sustainable future

At Trinity we provide a safe, secured and vibrant learning environment, offering a range of opportunities that are structured to promote excellence, confidence and self esteem in every child. This will empower our children to make relevant and safe choices and be flexible as they develop their personalized learning in line with our schools vision.

School Aims

We believe our aims provide the basis for the delivery of a dynamic curriculum, the provision of a stimulating and creative learning environment, and a foundation that will prepare every child for society's changing nature. All our aims and objectives endeavor to realize the empowering provisions enshrined in the RTE act.

- Develops high self-esteem, confidence and a real feeling of self-worth and develops a sense of responsibility.
- Develops a lively, inquisitive mind and life skills so that he/she will have the ability to experiment, investigate, challenge, discriminate and make informed choices both at school and for the rest of their life.
- Acquires a set of moral values and attitudes, including honesty, respect, sincerity, trust and personal responsibility.
- Will be given equal opportunities to participate in all aspects of school life.
- Appreciates the spiritual nature of life.
- We also aim to bring out the best in every student. We trace and follow students' academic progress closely.
- Develops an understanding of citizenship and its role in the community

Nurturing begins here

1. Our young minds need space in which they learn to move around and develop their friendship and social psychomotor skills. At Trinity International School, blooming buds are nurtured into beautiful flowers with inputs that are contemporary concept based, cozy and congenial.
2. We provide a warm and caring environment for children to thrive in.
3. **Happy, Healthy and Safe:**
We want all our children to develop in an environment where they feel, happy, safe and healthy.
4. We create love for learning through creativity and curiosity.
5. The Prime aim of education at Trinity International School is to unravel the talent and hidden creativity of child, to polish and shape the rough diamond into glittering & shining individuals. We believe in all round development of the child.
6. The school provides a congenial and vibrant environment to the children to make teaching learning process more effective and meaningful with all latest teaching aids including smart classes. Teaching learning process is more effective and purposeful with due emphasis laid on interactive approach wherein students are encouraged to take part in all co-curricular and extra co-curricular activities.

School Labs

Science Labs

Trinity has well equipped laboratories for imparting practical knowledge in Science. The labs are well stocked with ample specimens, chemicals and instruments, so that each student gets the opportunity to carry out experiments independently. Well qualified and comprehensively planned schedule of practical classes. The safety of every child is duly taken care of.

Mathematics Lab

Trinity has established a well equipped Maths Lab with an approach of making students discover the beauty, importance and relevance of mathematics as a discipline.

Library

Trinity School provides an elite and magnificent Library which opens a world of wisdom for each child. School Library is well lit, ventilated and students friendly. Library at Trinity is well stocked with numerous valuable books, magazines and Journals.

Computer Lab

“Technology can become the wings that will allow the educational world to fly farther and faster than ever before- if we allow it”

In order to develop the scientific knowledge among students, well equipped computer lab with modern computing facilities for students and teachers is available. The lab houses more than 20 computers and the computers in the lab have the recent versions of the software.

Music & Dance

Sports

At Trinity we provide healthy environment where young students feel free to take part in any kind of physical activities which are necessary to develop physical fitness, discipline as well as leadership qualities. It also enhance the spirit of team work, sportsman ship, mental toughness and positive thinking where facilities for Outdoor sports like- Basketball, Volleyball, Kabaddi , Badminton, Cricket, Athletics etc.

Indoor sports like Table Tennis, Chess, carom board, Archery.

Our students are also regularly participate and secure respectable position in events organized by MTB Himalaya cycling and interschool competitions etc.

Beyond Book

The school believes in the saying

“All work and no play make Jack a dull boy.”

So we don't indulge in only bookish knowledge, Books may be the first priority but definitely not the only one. We want our students to become complete human beings who are ready to face all challenges life has to offer.

A rich and diverse programme of extra-curricular activities and a range of Field trips are provided for all students from early years up to grade XII
